A-LOG LIBERIA

A-LOG LIBERIA

Savane Commercial Center, 2nd Floor, Room G-6 Randall and Front Streets, Monrovia, Liberia.

# **COMPANY PROFILE**

## **Introduction/Overview**

Alliance logistics Incorporated now Alliance Logistics Oil and Gas Corporation (A-LOG) is a Liberian owned business established in 2016 and engaged in Waste Management, Transportation & Distribution of Petroleum products utilizing its fleet of 6 (six) tank-trucks, which made the company well acquainted with the Liberian energy terrain. In 2019, an amendment that established Alliance Logistics Oil and Gas Corporation (A-LOG) obtained. A-LOG gained its Petroleum Importation Licenses from the Liberia Petroleum Refining Company (LPRC) in July 2021 and has been trading locally since its inception.

As a result, A-LOG has now set the stage to engage in the importation and supply of petroleum products – Premium Motor Spirit (PMS) or Gasoline, Automotive Gas Oil (AGO) or Diesel, Heavy Fuel Oil (HFO), Lubricants and allied products, for resale to prospective clients on the Liberian market.

Additionally, the company has tangible connects and a cordial relationship with big players in the petroleum regulatory sector (LPRC) and the Government as a whole.

This business endeavor to serve the petroleum market in Liberia. With the Government of Liberia request for Liberian own companies to invest in the Importation and Supply of Petroleum to the Liberian market, we have exerted significate effort in the energy market.

## **Vision**

To be recognized as the premier oil and gas supplier and the beacon of hope of the petroleum sector that is driven by excellence and accountability.

## **Mission**

To become one of the lead suppliers of petroleum products in the Liberian market.

To be responsible partner in respect to making sure that petroleum products are always available on the Liberian market.

To be a worthwhile Liberian own business that run on trustworthiness and sustainable financial basis.

## Management Structure and expertise

The A-LOG has experience staff that are well versed in different unique skills ranging from project management and supply chain management, sales and marketing, and human resources. The team also possess skills like operations and planning, finance & investments, research & development, etc.

The Company engages an organization structure relevant to the needs of its operations. The structure is headed by the Chairman of the Board of Directors, which supervises the day-to-day operations of the company through policy making, goal setting, visioning, etc. The Board headed by its chairman is the center of decision-making including hiring of staffs/employees.

The dynamic Chief Executive Officer (CEO) is responsible with the day-to-day management of the company. Our CEO has several years of pertinent Business experience supported by a team of seasoned Executives.

Our Strategic direction is managed by the CEO, including the daily operations and overseen all other officials such as the Managing Director, Business Manager, and four (4) Heads of Departments respectively. The unique position of Audit & Internal Controls plays a pivotal role in ensuring all and sundry comply with the company code of conduct, operating Policies and Procedures, Statutory and Regulatory requirements, etc. In short, our structure is in line with our Strategic Vision and Direction.

## Investment Strategy

Management Investment Strategy Plan is tied to our overall Strategic Plan in line with our Vision and dictated by the market demand. Our investment will be executed in three phases.

The first phase will focus on our entry strategy through the Bulk Petroleum Products importation and sales.

Phase two will target the construction of petroleum station that will allow us to enter the Retail market, and

Phase three is geared toward the construction of Terminal facilities with four (4) storage tanks, loading gantry, firefighting system, office buildings and recreation facilities.
